

WARM WEATHER HELP FROM BLENDERS

Blenders are more than just an entertainment accessory. The new sleek and powerful models on the market are great summer helpers around the kitchen. Here are some of the ways you can use blenders:

- Mix drinks
- Crush ice to use for everything from beverages to buffet presentations
- Homemade dressings for fresh summer salads
- Shakes, malts and fruit *smoothies & slushies*
- Cold summer soups
- Salsa and other fresh vegetable or chip dips
- Homemade barbecue sauce & other vegetable and meat sauces

Blenders are showing lots of new, bright colors in addition to the traditional classic chrome models. New products are easy cleanup, plus most units are small enough to fit under standard kitchen cabinets. Click on the "Who Makes What" button at left to shop for blenders on-line.
