INTERESTING FACTS ABOUT TODAY'S HOME REFRIGERATORS

Did you know...

- You can enjoy the taste of cold, refreshing water, and avoid the hassle of buying bottled water, when your new refrigerator has a built-in water filter.
- You can enjoy the convenience of a little refrigerator in any room in your house. Under-the-counter models make great additions to nurseries, master suites, great rooms, dens, rec rooms and in-law suites.
- You can save over \$50 a year in energy costs by replacing a refrigerator purchased in 1980 with a new model. New refrigerators offer more features, more capacity, more style and they save money, too!
- You can find the perfect refrigerator to fit your lifestyle regardless of whether you are a family of 1 or a family of 6. Sleek, elegant design plus quiet operation are apt descriptions of today's new models. Choose from a variety of finishes and styles in side-by-side, 2-door top freezer, 2-door bottom freezer, under-the-counter, cabinet flush and built-in models.
